### **Record results at the Caravan Salon 2018**

**MORELO is once again more successful than the previous year**

It has become expected of Jochen Reimann's and Reinhard Löhner's motorhome manufactory to announce new record numbers following the Caravan Salon. However, the fact that the previous year's excellent results could be beaten yet again is absolutely sensational. About 5 % more MORELO First Class Reisemobile were sold this year than last year at the Caravan Salon. The number of sold vehicles has thereby increased to a total of 112. A new sales record!

"Our clients found our new MORELO PALACE with its new interior and exterior design to be especially convincing. We received a lot of positive feedback", states MORELO CEO Jochen Reimann. Reinhard Löhner perfectly describes the mood: "It is just an incredible feeling to see that our work is being appreciated. We are grateful for this huge success and are especially thankful that so many of our customers have become good friends. Our motto "Welcome Home" reflects this perfectly."

The end of this year's wonderful, but also exhausting Caravan Salon doesn't leave much time to rest. The construction of a new service center has already begun in the Upper Franconian town of Schlüsselfeld, in which MORELO is investing over 3 million Euros, to provide a working area of 7.200 m<sup>2</sup>. Repair and service appointments can be made as soon as early 2019, affording MORELO customers a comfortable experience with low waiting times.
