Over €10,000 for children's hospice work MORELO and Zentrale Autoglas hand over donation cheque at the Caravan Salon

As always, visitors to the MORELO booth at the Caravan Salon in Düsseldorf can look forward to first-class motorhomes. This year, however, MORELO also brought along a donation for the children's and youth hospice Regenbogenland in Düsseldorf. The company collected the donation in a joint campaign with Zentrale Autoglas GmbH, with the two firms handing over the donation cheque during the opening day of the trade fair in Düsseldorf.

During this year's MORELO OPEN in Schlüsselfeld, MORELO and Zentrale Autoglas designed an exclusive special edition of the multiAnker, an awning mount specially designed for caravans that enables the awning to be directly attached to the vehicle. As part of the campaign, the two companies launched a high-quality special edition with added value limited to 100 items: For every item sold, €50 was donated to the Regenbogenland children's and youth hospice. At the same time, this also supports the Heilpädagogische Hilfe association for curative education in Osnabrück, where the multiAnker and its accessories are assembled and packaged.

The first-class charity campaign was evidently well received, as the sale of the limited-edition equipment brought in €5,000 in donations. Additional contributions were made by MORELO dealer Jörg Ziesener with €2,000, MORELO customer Oliver Schröder with €500, MORELO dealer Lexa from Switzerland with €595 and an anonymous donor with €2,000. The donation cheque was handed over on Friday, 30 August at 2 pm at the MORELO booth C05 at the Caravan Salon in Düsseldorf.

Press material is available from the MORELO press page. Photos of the handover of the cheque will be published on the press page after the handover.
